KAYAK CHARLESTON

Trips Within 1 Hour of Charleston

Ralph Earhart is a 1971 graduate of the US Naval Academy and has spent over 35 years on Charleston's waters. He paddled more than 4,500 miles while preparing this guide that contains detailed directions to more than 70 landings and throw-ins and suggestions for more than 110 trips. Directions to landings are from Charlestowne Landing State Park, a central location for this area. Earhart has been to all the landings and taken each suggested trip.

Whether you are a visitor to Charleston or a resident of the lowcountry, Ralph's book will be a valued tool to have on your shelf. I've found that one of the most difficult obstacles to overcome when paddling new places is to find landings with water that is to my liking, and this book answers those questions. Thanks Ralph for the assistance.

DAN HOKE, PRESIDENT, LOWCOUNTRY PADDLERS

Ralph Earhart's expertise and knowledge of the Charleston area Low Country waters is simply unmatched. My staff and I often find ourselves using Ralph's book throughout the year as it is extremely accurate and a good, quick reference. This is "the" book we recommend to paddlers for a wonderful trip guide resource.

KATHIE LIVINGSTON, OWNER, NATURE ADVENTURES OUTFITTERS, INC.
CHAIRPERSON OF THE SOUTH CAROLINA PADDLESPORTS INDUSTRY ASSOCIATION
